# Quality Points (Qt. Pts) divided by Total Credits = GPA

## Grade Point Average (GPA) Calculation

(taken from the Parent/Student Handbook)

Grade point average in regular classes is computed on the basis of A = 4 points, B = 3 points, C = 2 points and D = 1 point. In honors/Advanced Placement classes, A = 5 points, B = 4 points, C = 3 points and D = 2 points. The grade point average is the total number of points divided by the number of classes the student is taking for that grading period. Class rank is determined by the cumulative grade point average for the number of semesters the student has completed. The valedictorian, salutatorian and other eight members of the top ten in the senior class are determined by the student's grade point average at the end of the first semester of the senior year. The honor roll is issued at the end of the first and third quarters and at the end of the first and second semesters. To be listed on the honor roll, a student must have a grade point average of 3.0 on a scale of 4.0 and may not have received any grades of D, For I for that grading period. Students withdrawing from a class will receive a WF (withdraw failure) or WP (withdraw pass). The student will receive a WF or WP depending on their grade at the time of the withdrawal.

## **IMPOPRTANT!!!**

- PE I = .25 credit per semester (A=2.00 pts, B= 1.50 pts, C=1.00 pts, D=.50 pts).
- Grades from all courses taken before 9<sup>th</sup> grade are not included in GPA.
- Driver's Ed. is not included in GPA.
- E2C courses are not included in GPA.
- <sup>1</sup>Computer Science Principles is initially a CP level course. If a student earns a 3, 4 or 5 on the end-of-year AP exam they will receive credit for an Honors course. This change will be made on the students' transcript in July after AP exam results are received.

	College Prep/ Academic	Honors
Grade	Qt. Pts.	Qt. Pts.
A	4	5
B	3	4
C	2	3
D	1	2
F	0	0
